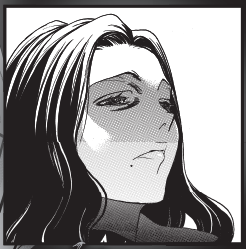
Character Profiles

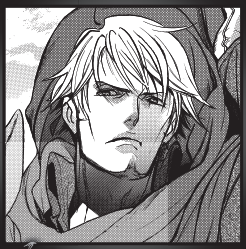
Kuklo

Kuklo was born from a dead body packed into the vomit of a Titan, which earned him the moniker, "Titan's son." The wealthy Inocencio family bought him from a sideshow hut. His father was Heath Mansel, squad leader in the Survey Corps, and his mother was Elena, who helped bring a Titan inside the walls. He escaped the Inocencio mansion when it was attacked by Titan-worshipers. He is now 15 years old.



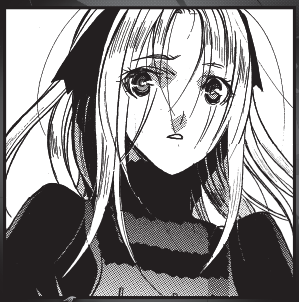
Elena

Kuklo's mother. Her husband Heath was killed by a Titan. When she saw his severed head, she went mad, and was manipulated by Titan-worshipers. Heavy with child, she led the campaign to open the gate in Wall Maria. When a Titan made its way inside, she was the first eaten.



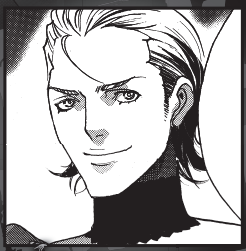
Carlo Pikale

Survey Corps captain. He was age 18 in the first chapter, having joined at the same time as Heath, Kuklo's father. He discovered Elena's remains in the Titan's vomit, and witnessed Kuklo's birth. Now the captain of the newly-reformed Survey Corps, he is 33 years old.



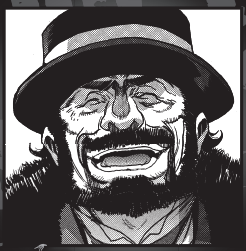
Sharle Inocencio

First daughter of the Inocencio family. She attempted to kill Kuklo after he was brought to the mansion, but became his only friend when she realized that he was human, not a monster. When Titan-worshipers invaded her home, she left with Kuklo, saying goodbye to her brother Xavi. She is now 15 years old.



Xavi Inocencio

Sharle's brother, firstborn of the Inocencio children. His father Dario raised him to lead the military. He beat Kuklo nearly every day for two years, claiming to have "conquered the Son of a Titan." This gave him an arrogant leader's air. He believes that Kuklo let the Titan-worshipers into his home.



Dario Inocencio

One of the top merchants behind Wall Sheena, innermost of the walls. He has close ties to politicians, and hoped to arrange a marriage between Sharle and the son of Bruno Baumeister, a prominent conservative leader. He was slain at the hands of Titan-worshipers who intended to free Kuklo.

The Story So Far

Fifteen years ago, a Titan terrorized Shiganshina District and left behind a pile of vomit. In that pile was a pregnant corpse, from which a baby boy was miraculously born. This boy was named Kuklo, the "Titan's son," and treated as a sideshow freak. Thirteen years later, the wealthy merchant Dario Inocencio bought Kuklo to serve as a punching bag for his son, Xavi. Meanwhile, Xavi's sister Sharle, who was terrified of the Titans, felt a secret duty to purge their house of the so-called monster. But when she approached the chained Kuklo with murderous intent, she realized that he was a human being like any other, and decided to teach him what it meant to be human instead.

Kuklo put together an escape plan over two long years, but on the day of the escape, tragedy struck the Inocencio mansion. A group of Titan-worshipers invaded, seeking to take back the Titan's son. They murdered Dario and many of the mansion servants. Kuklo narrowly managed to save Sharle and Xavi from harm, but Xavi accused him of being in league with the attackers, and put out his right eye. Kuklo took Sharle and escaped from Wall Sheena into Shiganshina.

In Shiganshina District, the Survey Corps was back in action, preparing for its first expedition outside of the wall in 15 years. Kuklo wanted to see a Titan to confirm that he was indeed a human being. He left Sharle behind and snuck into the expedition's cargo wagon. As he hoped, the Survey Corps ran across a Titan, but it was far worse of a monster that he expected. The group turned around to retreat to Wall Maria, but the Titan crushed the wagon at the rear. Kuklo and the coach driver were caught in the creature's terrible clutches.

THEN WHY DON'T WE RUN?!
WE COULD SAVE THE WOUNDED THAT ARE STILL ALIVE, COULDN'T WE?!

THERE IS NOT ENOUGH DISTANCE BETWEEN US AND THE TITAN...
IF WE ALL TURNED OUR BACKS AND RAN, WE WOULD NEVER MAKE IT TO WALL MARIA.

STOP!

You are going the *wrong way!*

Manga is a *completely* different type of reading experience.

To start at the *BEGINNING*, go to the *END!*

That's right! Authentic manga is read the traditional Japanese way--from right to left, exactly the opposite of how American books are read. It's easy to follow: just go to the other end of the book, and read each page--and each panel--from the right side to the left side, starting at the top right. Now you're experiencing manga as it was meant to be.
